To Whom It May Concern

I have used PJB mechanical for over 15 years for all my emergency and regular maintenance work at my salon. I own a hair salon in Ladner called The Hair Shak. For 15 years we have always used Paul Bach for our plumbing needs.

PJB has always been professional, knowledgeable, and efficient. I would highly recommend them to anyone

I have also used them for my home needs. I had a flood 11 years ago and they replaced all my plumbing; boiler, toilets and bath tubs. They are very honest and experienced.
