

**Subject:** Re-piping

Hi Paul:

Today's work went very smoothly. Steve and the fellows did a great job and the finished product looks good and seems to be well done. They kept the areas clean and accommodated our staff and residents, who had to access that wing. Please pass on our thanks to them. The bonus was that they were done earlier than we expected – that's always a good feeling.

Kudos to you and your team.

Derek
