***To whomsoever it may concern***

This is a note to commend the performance of PJB Mechanical on the jobs done for our small school.

We are a small school with 2 locations: in Kitsilano and the other in Steveston. On multiple occasions we have needed the services of a plumbing company and PJB mechanical and especially the personalized attention to the matter of Mr. Rob Zadra need mention.

The jobs were always treated as urgent, were precise and never needed a call back. As a school with younger children and multiple staff a plumbing malfunction is a serious matter and the ease and professionalism with which our concerns were handled gives us the faith and confidence that our premises are in safe hands.

We would recommend the services of this professional company greatly.

Keep up the good work,

Sincerely,
