Attn: Service Department

On behalf of the Richmond Hospital/Healthcare Auxiliary Board of Directors, I would like to express my appreciation for donating your services to fix the leaking toilet in our Thrift Shop.

Our Auxiliary recently purchased our 123-year-old heritage building and we are working to bring the building back, as much as possible to its origins, while continuing to use it as our Thrift Shop. All revenue earned from the operation of the Thrift Shop supports the Richmond Hospital and other healthcare programs in Richmond.

We applaud businesses like PJB for helping us out through the donation of services.

Thank you for supporting us in this way.

Yours truly,

Ursula Van Duin
Auxiliary Vice President, and
Thrift Shop Manager
